

HOW TO BUILD WEALTH THE SMART WAY

Make the right moves when it comes to managing your money. Many entrepreneurs keep a copy of *The Richest Man in Babylon* by George S. Clason on their bookshelves. In this classic, Clason offers timeless financial advice through several parables. Here are some of those valuable lessons.

Pay yourself first.

Start small. Save at least 10% of all income earned. Even if you are paying off debt, 10% is still recommended.

Make saving automatic.

Automatically deposit that 10% savings into a retirement account, savings account or other investment vehicle.

If you get a raise, keep your expenses the same. Avoid “lifestyle inflation” – this is when you increase your expenses as you start to earn more money.

Make your money work for you.

Earn more on investments. Compound interest will help – this is simply interest on interest and it adds up quickly.

Reinvest the dividends. Rather than cashing out, put the money elsewhere and watch it grow.

Create a passive income. Get paid with high dividend or real estate investments.

"I have used Residential Property Management for our family's rental homes for several years. They keep me well informed, keep our rental rates up-to-date with the market, handle the inevitable "middle of the night" emergencies and we always have good quality tenants. If you are currently a landlord, or are considering real estate as an investment, I highly recommend RPM for the great job they do!"
